MISSION:

Our objective is to offer high quality individualized care to all of our clients that will restore their independence and revitalize their lives.

VISION:

To be the premier home health care provider in the Twin Cities. We will achieve this with thorough and continuous training for our staff to ensure that our services are of the highest quality.

WHY REVIVE CARE SERVICES INC.?

Our company is guided by the following principles:

- ♣ **Integrity,**
- ♣ **Service before self,**
- ♣ **Excellence in all we do.**

We believe the following sets us apart from the rest:

- ♣ **Our Services** adhere to the standards set forth by both the state of Minnesota and Federal health agencies.
- ♣ **Our residents** are provided with care by compassionate and highly trained staff that respects their choice and individuality.
- ♣ **We exhaust every resource** to improve the quality, comfort and convenience of our residents.

ABOUT US

Revive Care Services Inc. is a veteran owned, licensed home health care agency that serves the Twin Cities metro area. Revive Care Services Inc. delivers exceptional services that transform the lives of people impacted by intellectual, developmental and physical disabilities. Our services strive to improve the quality of life for our residents while creating independence for them. We believe that this can be achieved through recruiting the best staff and providing them with thorough and continuous training. Our staff will undergo a strict hiring process and have training that adheres to both Minnesota and Federal statutes.

Since our services are provided in a home rather than an institutional care center, our care is intimate and makes our residents feel at home. This means that our residents are under the care of trained professionals 24 hours a day, 7 days a week. Additionally, we involve our residents in taking charge of their care. This collaboration between our company and our residents enables us to provide personalized services that are centered around choices. Revive Care Services also provides both short term and long term respite care services to our clients. Our company can provide a highly trained staff member to ensure the same level of care is maintained while living in their own home.

OUR STAFF

Any company is as good as its people. At Revive Care Services, we believe that our staff are our number one resource and represent the quality of the care that our company takes pride in. We want our staff to provide safety and comfort to the clients under their care. Hence our investment in their training.

We want our clients to feel only the best under our care. Hence, we strive to provide them with safety, love, comfort, and care. In addition, we set the bar high for all applicants who wish to be part of our healthcare team.

Our staff will ensure that you live in a safe and loving environment. Our services are customized to address your unique care needs.

All of our employees have gone through a scrutinized screening process including background checks, interviews, skills assessment, and reference checks. We also look for validated certifications and licenses, while allowing them to pursue relevant educational degrees to further enhance their skills.
